

## ACCEPTING THESE RECYCLABLES

***Loudoun Dulles Green Business Challenge Presents:***

***Recycling Extravaganza – Beyond the Recycling Bin***

***8:30 – 10:30 AM, Thursday, September 24, 2015***

***REHAU, INC.***

***1501 EDWARDS FERRY ROAD NE, LEESBURG, VA 20176***

***PANEL DISCUSSION 8:30 AM, 4<sup>TH</sup> FLOOR, REHAU BLDG.***

The following recyclers will be on hand to collect materials that do not go into your standard recycling or to set appointments to pick-up recyclables at your location. Please bring the recyclables with you on September 24. Recycling is free except as noted. Please thank our recyclers for donating their time and services!

- Computers and handheld devices such as PCs, laptops, tablets, routers, modems, printers and print cartridges, copiers (other than floor size), cellphones, telephones, speaker phones
- Automotive parts such as radiators, spark plugs, starters and alternators
- Virtually anything that:
  - Has an electric plug such as cable boxes, TVs (under 25”), vacuum cleaners, DVD players, radios, hair dryers
  - Is metal such as electric motors, insulated cable, meters, testing equipment
  - Is plastic such as a mouse (for a PC), thin film materials, keyboards
- Forever Green accepts large TVs, copiers and other items at their Chantilly location. Please speak with their representative if you have large items to recycle.

Clothes and shoes in any condition - both good and bad. Don't throw them in the trash! Donate them/recycle them at our event.

Many metals are infinitely recyclable and aluminum often commands the highest value of commonly recycled materials on the secondary market. Bring in your scrap metal and earn a bit of cash. Potomac Metals will pay for scrap metals by weight.

- Aluminum
  - Litho plates and printers film
  - Wheels
  - Aluminum clips
  - Downspouts
  - Insulated wire
  - Signs
  - Aluminum siding
  - Aluminum turnings
  - Aluminum extrusion

- Dry cleaning bags
- Newspaper sleeves
- Ziploc and food storage bags
- Produce bags
- Bubble wrap
- Salt bags
- Cereal bags

Please be sure bags are clean, dry and free of food residue

## Eco-friendly paint can disposal service

Make an appointment to eco-dispose your old paint can stockpiles and some of the other by-product liquid waste in your buildings or home. Eco-disposal will mitigate any fire code violations you may have from storing paint and other waste chemicals in your buildings. Insured and EPA Certified. Free on-site evaluations. 10% discount for eco-disposal appointments made at the Recycling Extravaganza. Please **DO NOT BRING PAINT CANS** on September 24. For additional information please see [www.yuckoldpaint.com](http://www.yuckoldpaint.com).

American Disposal Services' recycling team will be on hand to provide information on what materials are accepted in your on-site single stream collection bins as opposed to materials that require alternative handling.
